WORKSHOPS

LATEST ADVANCES IN RAPID RECOVERY FACELIFTING AND NECKLIFTING

JUNE 19-21, 2009 (FRIDAY-SUNDAY)

Manhattan Facial Plastic Surgery

1040 Park Avenue

New York, New York 10028

212.452.3362

COURSE DIRECTOR
Samieh Sam Rizk, MD

This workshop will allow participants to gain an understanding of both facial anatomy and the varieties of minimally invasive as well as deeper facelift/necklift procedures including the short scar lift and the isolated necklift. Rapid recovery methods will be discussed. Pre-surgical assessment and marking, live surgical cases, post-operative care and management of complications will all be demonstrated. The participant will gain an in-depth understanding of new advances in the facelift and necklift procedures.
